PORTFOLIO

our **work.**

www.krema.it

YOUR SPACES OUR BACK-GROUND.

From concept to completion, KreMa creates custom fit-out and interior furnishing projects, delivering quality, innovation, and exceptional attention to detail at every stage.

We design and deliver retail stores, exhibition stands, and display or information spaces, offering a turnkey service through full control of every stage of the process—from design and manufacturing to installation.

KreMo

Our network of skilled professionals and flexible organizational structure allow us to deliver every project with efficiency, precision, and reliability, wherever in the world it takes place.

We combine innovation with exceptional attention to detail, maintaining an unwavering commitment to quality.

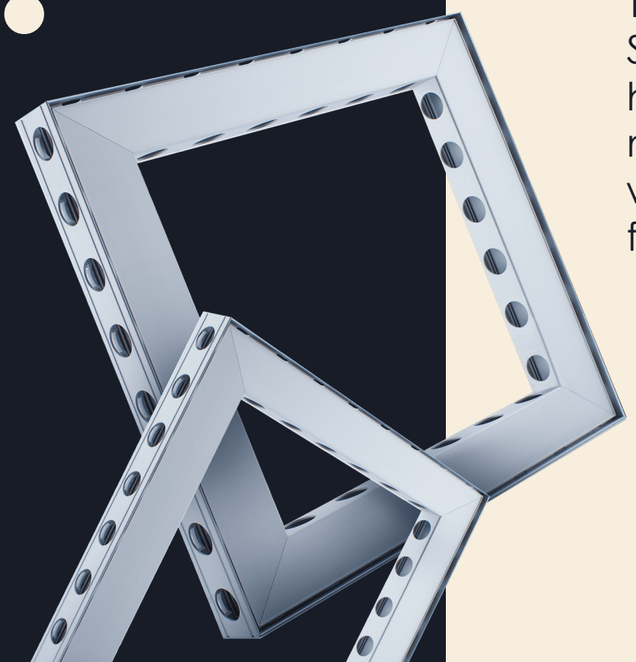

Each project is tailored to the client's specific requirements and brand identity, seamlessly integrating functionality and creativity to create distinctive and memorable spaces.

ONE TEAM. LIMITLESS IDEAS.

Aluvision

BEYOND DESIGN.

Innovation is essential for every company and professional. At KreMa, our added value lies in being a proactive partner, bringing cutting-edge solutions to the world of exhibition design.

The Aluvision system is one of the best solutions we have adopted to make a real step forward in terms of quality and the optimization of exhibition setups.

Thanks to the Aluvision Frame System, it is possible to create high-impact structures from modular elements, complete with graphics, multimedia features, and display solutions.
